- Motivating Teams - Striving for Excellence
- Negotiation - **The Art of Persuasion**

Creativity and Innovation in Global Economies

- Creativity and Innovation - moving force for Entrepreneurship
- How to Think Globally – and – Impact Locally
- Stress Management - Flow - Resilience
- Opening Your Mind to Possibilities

This workshop is for present day leaders. This workshop is also for all who aim to be leaders.

Join me for the **CREATIVE LEADERSHIP BOOT CAMP**, a one-day master class putting together best practices using presentations and lively discussions in a light hearted atmosphere filled with passion and synergy. Get your creative juices flowing and energize your mental muscles hands-on using the motto

TEAM = Together Everyone Achieves More

Your leadership will create a positive company culture, inspire and engage teams, help good workers get better and have happy customers while you 'walk your talk' through it all. Innovative thinking takes you away from your daily routines.

Globe-trotting minds can reach beyond limiting territories. And that is only a start!

See You Soon,
Louise
